

Malaysia has an incredible array of over 200 golf courses spread throughout the country. Golfers can chose from city landscapes surrounded with gleaming skyscrapers to lush jungles—monkeys and exotic birds included.

Many of these beautiful courses were created by world-renowned designers such as Jack Nicklaus, Robert Trent-Jones, Max Wexler, and Ted Parslow. The majority of the golf courses are part of 5-star resorts and luxury clubs.

Several golf tournaments of all levels are held in Malaysia throughout the year.
