

Malaysia's City of Entertainment, Genting Highlands, boasts an impressive 24-hour casino, the only casino that can be found in the country. With a theater-restaurant known for international-class performances, a theme park, outdoor activities, sidewalk cafes, restaurants and a number of hotels, this 6,561.6 feet summit is the perfect getaway for the entire family.

***Getting there**: Buses from Kuala Lumpur and nearby towns leave regularly. Long distance taxis may be hired too. If driving, use the Karak Highway and turn off at the Genting Highland's exit.*
